

Pharma Hygiene Products offer a range of stainless steel equipment for both private and NHS hospitals in the healthcare sector.

## Instrument boxes

Manufactured from 304 grade stainless steel, these instrument boxes come complete with a lid and are polished throughout. Perforated inserts are available in some sizes.

Part number INS4225P has rounded corners rather than the usual square corners.

Box code	Length (mm)	Width (mm)	Depth (mm)	Weight (gm)	Insert code	Insert weight (gm)
INS4160P	160	100	30	300	N/A	N/A
INS4180P	180	120	50	490	N/A	N/A
INS4200P	200	100	50	515	INS4200PI	220
INS4220P	220	150	50	685	N/A	N/A
INS4280P	280	180	60	1095	INS4280PI	440
INS4420P	420	80	50	805	N/A	N/A
INS4500P	500	200	80	2100	N/A	N/A
INS4225P	225	125	50	500	N/A	N/A

## Thermometer / tong jars

Manufactured from 304 grade, the body is constructed from one piece and soldered to the base. They have crevice- and pit-free interiors and are polished throughout.

Item code	Height (mm)	Diameter (mm)	Base (mm)	Weight (gm)
JAR4090P	90	30	70	90
JAR4130P	130	50	90	225
JAR4180P	180	50	90	135
JAR4200P	200	95	135	365

## Kidney dishes

Manufactured from 304 grade stainless steel, these kidney dishes are of one-piece construction. They are crevice- and pit-free and polished throughout.

Item code	Length (mm)	Width (mm)	Depth (mm)	Weight
KID4017P	170	100	40	130
KID4020P	200	95	45	165
KID4025P	250	135	45	200
KID4027P	270	150	50	310
